PUNJAB KHARIF CROP SUMMARY FOR 1949

1. *Season*—The rainfall during January 1949 was light to moderate, except in Shahpur, Jhang, Multan, Muzaffargarh and Dera Ghazi Khan districts which received no rain. During February and March it was generally above normal. Except for light rain in parts of some districts, the weather during April and May remained practically dry. Light to moderate rain fell in June. During July and August the monsoon was fairly active and gave sufficient rainfall especially in Sialkot, Gujranwala, Gujrat, Rawalpindi and Attock where the fall was heavy. Supplies of canal water was good and satisfactory on all canals except the Sutlej Valley Canals, viz., Dipalpur, Pakpattan (non-perennial) and Mailsi where the supply was fair. Climatic conditions were, therefore, generally favourable for sowings. During September the rainfall was above normal in Central and Western districts of the province but light elsewhere. The weather during October and November remained dry. Canal supplies were stisfactory for the maturing of the kharif crops. Light attack of Jassid and white-fly to the cotton crop was reported from parts of few districts.

2. *Yield*—The yield of cotton was normal to above normal in Multan Division and below normal to normal elsewhere. The yield of rice was average to good on irrigated and generally below normal to normal on unirrigated areas and that of sugarcane was fairly good. The outturn of jowar and maize was generally normal on irrigated areas and below normal on unirrigated areas but that of bajra was generally below normal to normal due to lack of adequate rains during the growing period.

3. *Areas*—The total sown area is 6·9 million acres against 6·4 million acres in the year 1948. The variations under principal crops are shown below:—

4. *Prices*—The prices were lower than those in the previous year except bajra. The prices of cotton American were, however, the same as those of the year 1948. Details for the last 10 years are given in the statement below:—

SCHEDULE 'B'

CONDITIONS OF CONTRACT

THIS contract is to last from the 5th September 1950 to the 5th March 1951, but in the event of any breach of the agreement at any time on the part of the contractor the contract may be terminated summarily by the Stores Purchase Officer, Punjab, without compensation to the contractor.

Any change in the constitution of the firm shall be notified forthwith by the contractor in writing to the authority sanctioning the contract and such change shall not relieve any former member of the firm from any liability under the contract.

No new partner/partners shall be accepted into the firm by the contractor in respect of this contract unless he/they agree to abide by all its terms and conditions and deposit with the officer sanctioning the contract a written agreement to this effect. The contractor's receipt or acknowledgement or that of any partner subsequently accepted as above shall bind all of them and will be a sufficient discharge for any of the purposes of the contract.

2. The contractors will supply nothing but genuine padlocks in column 2 of Schedule A, from time to time in such quantities as may be entered in the indents sent at the rates setforth in column 3 of Schedule 'A' for use in Offices/Institutions/Departments under the administrative control of the Government of the Punjab, as may be required by the Indenting Officers, mentioned in Schedule C hereto annexed, on behalf of the Government. Requisitions from officers not mentioned in Schedule C hereto annexed should before compliance be sent in original to the Stores Purchase Officer, Punjab, for instructions and the officer concerned advised accordingly. No guarantee can be given as to the quantity which will be ordered during this period. But the purchaser undertakes to order from the contractors all stores as detailed in Schedule A which he requires to purchase, except that he reserves to himself the right of placing the contract with one or more contractors as he may think fit and in consideration of this undertaking by Government, the contractor binds himself not to revoke this contract during the said period.

3. The contractor shall be responsible for all complaints as regards the quality. In case of dispute regarding quality of articles, the decision of the Stores Purchase Officer, Punjab, will be final and binding on the contractor. It will be open to the Stores Purchase Officer to send samples submitted by the tenderer-contractor to any laboratory for chemical analysis and the cost thereof will be borne by the tenderer-contractor.

4. The Stores Purchase Officer, Punjab, may by notice in writing call upon the contractor to supply additional articles to serve as samples and upon such notice in writing the contractor shall at his own cost be bound to supply additional samples, and such additional samples being in all respects of the same quality as the samples first supplied.

The contractor shall not charge or be paid for supplies rejected as above and such supplies shall be removed by the contractor at once and at his expense. He shall neither claim nor be entitled to payment for any damage that rejected supplies may suffer from any harm whatsoever incidental to a full and proper examination and test of such supplies. Government shall be under no liability whatever for rejected supplies and the same will be at the contractor's risk. Failing these facilities at his own premises for making the tests the contractor shall bear the cost of carrying out tests elsewhere. The contractor shall also provide and deliver free of charge at such place as the aforesaid officer may direct such materials as he may require for tests by chemical analysis or independent testing machine. If for the purpose of determining the quality of stores the aforesaid officer finds it necessary to have the stores tested at the test-house or laboratory, all expenses incidental to the test shall be borne by the contractor. On the failure of the contractor to pay the expenses within ten days of the receipt of intimation in this behalf from the Inspecting Officer, the Stores Purchase Officer shall have the right to deduct the amount from the security deposited by the contractor and if the amount so deducted is not deposited within ten days, the Stores Purchase Officer may treat the default as a breach of the agreement and proceed under clause (1) of the agreement without further notice. unless the indentor gives instructions to despatch at owner's risk in which case all responsibility for loss in transit will be with the indentor.

This is subject to the condition that the materials are securely packed by the suppliers in sound containers and the consignment is accepted by the carriers without any adverse remarks as to the packing or the condition of the containers. In case of any adverse remarks, the responsibility for the losses in transit will rest with the suppliers.

Subject to these conditions the contractor will not be entitled to charge or be paid for supplies broken, lost or damaged in transit. 12. In the event of withdrawal or discontinuance of any article or articles and consequent ceasing of or reduction in demand, the contractor shall not be entitled to any compensation. Government will, however, make all reasonable endeavours to give warning of any impending complete withdrawal or of any reduction seriously affecting quantities likely to be required under the contract.

13. The time for and date of delivery or despatch stipulated in the said schedules shall be deemed to be the essence of the contract and should the contractor fail to deliver or despatch any consignment within the period prescribed for such delivery or despatch in the said schedule, then without prejudice to his rights otherwise the purchaser shall be entitled to recover from the contractor a sum of 2 per cent of the contract price of such consignment for each and every month or a part of a month during which the supply or despatch of such consignment may be in arrears, or alternatively at the option of the purchaser, the purchaser shall be entitled to purchase such consignment (or if not available the best and the nearest available substitute therefor) elsewhere on the account and at the risk of the contractor or to cancel the contract, and the contractor shall be liable for any loss or damage which the purchaser sustains by reason of such failure on the part of the contractor.

14. The contractor acknowledges that he has made himself fully acquainted with all the conditions and circumstances under which the supplies required under the contract will have to be made or furnished and with all the terms, clauses, conditions, specifications and other details of the contract, and the contractor shall not plead ignorance of any of those as excuse in case of complaint against or on rejection of supplies tendered by him or with a view either to asking for enhancement of any rates agreed to in the contract or to evading any of his obligations under the contract.

15. No payment will be made in advance for any supplies under this contract.

16. (*i*) The contractor shall not—

(*a*) assign or sublet the contract without written approval of the officer sanctioning the contract;

(*b*) disclose details of the conditions governing this contract to unauthorised persons (indenting against this contract is permissible only for the *bona fide* use of Government Departments and *quasi*-public bodies and not for private parties or for the private use of the Government officers).

(*ii*) In the event of the contractor failing duly and properly to fulfil or committing breach of any of the terms and conditions of this contract or repeatedly supplying goods liable to rejection hereunder or failing, declining, neglecting or delaying to comply with any demand or requisition or otherwise not executing the same in accordance with the terms of this contract, or if the contractor or his agents or servants being guilty of fraud in respect of the contract or any other contract entered into by the contractor or any of his partners or representatives thereof with Government directing, giving, promising or offering any bribes, gratuity, gift, loan, perquisite, reward or advantage pecuniary or otherwise to any person in the employment of Government in any way relating to such officers or persons, office or employment, or if the contractor or any of his partners become insolvent or apply for relief as an insolvent-debtor or commence any insolvency proceedings or make any composition with his creditors or attempts to do so, then without prejudice to Government's rights and remedies otherwise, Government shall be entitled to terminate this
